WHIRLPOOL

Presented by the
Junior Class of
Pennell Institute
Gray, Maine

Dedication

Dale L. McLaughlin

We, the Junior Class, respectfully dedicate "The 1960 Whirlpool" to Mr. Dale McLaughlin in deep appreciation for his sincere efforts and hearty co-operation in all school activities.

Mr. McLaughlin came to Pennell in the fall of 1957 to replace Miss Joyce Smith as History instructor. He is a Graduate of Anson Academy and the University of Maine. In addition to his academic duties, he coaches Junior Varsity and Girls' Basketball.

Harry,
 To a real swell guy.
 Be good to all the
 girls. Remember all
 the fun we've had, espe-
 cially a couple of years ago.
 Have fun this summer
 but behave yourself.
 Keep up the good work in
 sports.
 Best of luck always
 a friend forever.
 Harry

Pennell Institute

The main building of Pennell Institute was built by Major Henry Pennell in the fall of 1876. Little more was done on the building for the next five years. In his will, Major Pennell left to the Town of Gray, the building and lot, along with a trust fund of \$5,000 for library and laboratory equipment. He also set up a board of four permanent trustees to run the school with the three Selectmen.

The school opened in 1886 with an enrollment of 122 students. The first graduation was held on May 31, 1889, at the Congregational Church. The Class of 1889 graduated six students.

A separate building was needed for a laboratory, and this need was temporarily satisfied by buying a small building which stood where the late Dr. Beck's house now is. The Trustees reported in the 1900 Town Report, that they had raised \$1,860 to be expended in building a laboratory, and this was immediately done.

In 1896, the athletic field was given to the school by the Alumni.

In 1936, George Newbegin willed \$15,000 to the town for a gymnasium. The town managed to get a grant of \$14,000 from the W.P.A. The town raised the remaining sum for the \$34,000 building, and it was completed in November, 1937.

In 1950, the town built the Industrial Arts Building at a cost of \$10,000.

The need for more classrooms was soon realized, and the town appropriated \$120,411 for the new wing in 1954.

The first Whirlpool was published in 1919. Since then it has been a catalogue of pleasant memories to all of Pennell's Alumni. The Whirlpool Staff of 1960 sincerely hopes that this yearbook will help each student to remember his schooldays in the coming years.

In Memoriam

ROBERT GANNOT HAMBLET

Few classes ever complete their courses with the same students who were members when they started school. Among those who will not graduate with us next year will be Robert Hamblet. He left us when we were in the eighth grade, but his memory has continued on. Therefore, we write this in memoriam of him.

Annual Staff

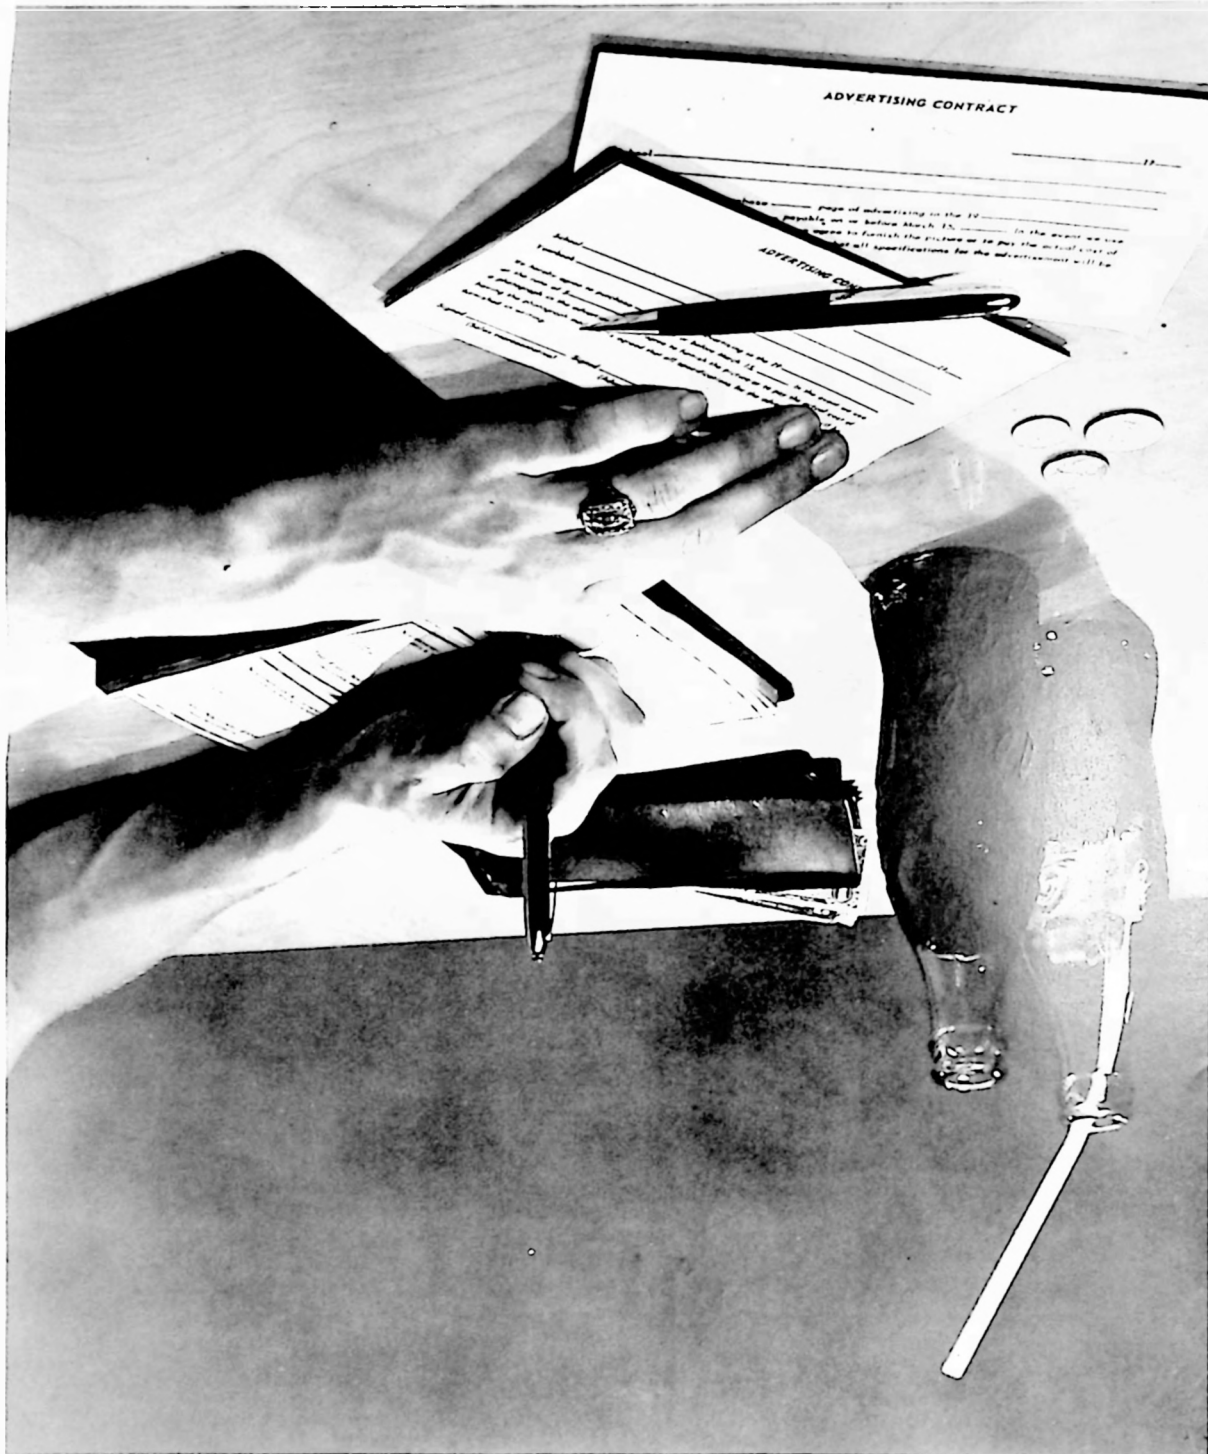

At the close of our activities as a group, the Whirlpool Staff wishes to extend our sincere thanks to everyone who has helped make this yearbook a success. We express our deep appreciation and satisfaction with the indefectiye service of our photographer, Jackson Studios. We wish to thank the faculty and the entire student body for their help in the production of this book. We also thank all our patrons, without whom a book of this sort would be financially impossible. Above all, we wish to thank our indispensable advisor, Mr. Henderson, who has put in much time and effort on this activity.

The Editor

IN MEMORIAM OF

Our Janitor, Mr. Benjamin Leavitt, who has passed away since the production of the first section of the book.
